Professional Carpet Design

Plain carpets are composed of warp and weft threads without a thread system that would constitute the pile. Plain types of carpet are usually manufactured by hand in plain weave.

★★★★★

Genuine Products, decent behaviour, and always open to customer feedback are innate to Aalum Capital Carpet Company which sets it apart from other companies. Knowing one of the managers Mr. Mahfooz Ansari personally, I can easily say that the way they treat their customers and look for their satisfaction while keeping up with the quality of their products enhances my trust in them. I will definitely recommend them to people who are looking for top quality and stylized carpets along with long term customer-manufacturer relationships.
